## COMMENTS FROM THE TOWN MANAGER'S OFFICE

Last week I said that spring work would begin shortly and we had two snow storms during the week. The storms this year have deposited the snow in a very short period of time and have been far less expensive than the storms last winter. The number of storms this year has also been less than last year. The amount spent for winter roads through March of this year is \$8,700.00 compared to \$17,400.00 for the same period last year. So the cost of plowing and sanding and salting for this year is just half the cost of the same operations last year. This isn't to imply that too much was raised this year but that last winter was a hard one for plowing and this winter has been an easier one.

The second notice for junked cars will go out this week. Any property with three or more junked cars or car bodies or engines will be required to move them or get a junk yard license. The deadline is May 1, 1964 to get these discarded autos moved. The state law regulating the junked cars was revised by the last legislature and is designed to improve the appearance along the highways. The revised law is enforceable and is being supervised by the Keep Maine Scenic Association. There are several properties in Bethel that have junked autos that will have to be cleaned up. Some were cleaned up last year and the remainder will have to be cleaned up by May 1, of this year.

## LOCAL THESPIANS TO SPONSOR SQUARE DANCE LESSONS

Bethel Players will sponsor a series of square dance lessons starting with an "Introductory Night" on April 18, at the Bethel Community Room. This first session, which will be free of charge, will give everyone interested an opportunity to know and learn more about the new, modern square dancing, club style.

Robert Hersey, Windham, a professional instructor and member of the New England Callers Association, will be the caller. Mr. Hersey has stressed that anyone can attend these sessions, even if they have absolutely no knowledge of square dancing, since every single square dance figure will be taught, and anyone can learn.

It has been said that square dancers are the friendliest people in the world; and there is no better way to get acquainted in a new town than to join a square dance group. Square dance calls and figures to be taught are the same ones used throughout the country.

There is such a magnitude of square dance activity in New England, that they publish their own "New England Caller" magazine to keep members posted on coming events. New England Square Dance Conventions and various others are held annually; and the New England Folk Festival is in its twentieth year.

Many retired people who travel our country, square dance wherever they happen to be, or follow big square dance conventions in various parts of the country. Children are learning it in schools. With approximately six million people in this country alone enjoying square dancing, it is any wonder that there is a movement afoot to have it recognized by our Federal Government as the national dance of the United States.

So plan now to start joining the fun. Attend the "Introductory Night" and make plans to join all seasons. Take all your friends, young and old. It is expected that these lessons will be held on alternate weeks after the first free lesson, for a small fee. All proceeds will be donated to the Bethel Community Center Fund.

It has long been known by some, and it comes as a shocking revelation to many others, that there is a vast distribution of pornographic literature made available to young people in churches. Parent Teacher organizations and civic groups have interested themselves in the problem and any effort to alert parents to the prevalence and dangers in the sale and use of this kind of literature among young people is a worthy venture.

A special program has been arranged with the assistance of Father Robert E. Lee of the St. Athanasius Church of Rumford, and the Rev. John Swainson of the Congregational Church of Mexico. The problem will be presented by Fr. Lee, followed by a film "Pornography for Profit." Adults of our churches in the Oxford Association are asked to all sessions of the meeting, particularly the evening session.

## HORTON CANDIDATE FOR SHERIFF

Lester C. "Bud" Horton, 37 year old former Marine sergeant, from Albany, announces that he is seeking the county sheriff's post for Oxford County.

Mr. Horton running on the Democratic ticket recently retired from the Marine Corps after 20 years of service. During World War II Mr. Horton saw action in the Pacific against the Japanese on Saipan, Tinian, Okinawa, Iheya Jima, and occupied the country of Japan at the end of the war. He also saw action against North Korea and the Chinese Communists in Korea. He was wounded three times while serving his country and was awarded three Purple Hearts, the Presidential Citation, and 11 other medals. He was an instructor at the Aerial Navigation School at Cherry Point, N. C., and an instructor of leadership at the N. C. O. Leadership School at Camp Le. Jenne, N. C.

Mr. Horton has the equivalent of two years of college and feels that his background in the

Marine Corps is a vital factor in his qualifications for the county sheriff's post. In the Military Police field he earned the title of Military Police Chief and worked in the Criminal Investigation Department as an investigator. He has done corrective service and rehabilitation work while serving at the Naval Prison at the Navy Base in Portsmouth, N. H. and was in charge of the cell block which housed some 200 maximum custody prisoners. During 1953 and 1954 he was in charge of a 20 man Military Police detail assigned to the city of Wilmington, N. C., where he worked closely with the local police, the detective division, the vice squad, the sheriff's department and the state police. He has had training in all aspects of law enforcement, finger printing, burglary, forgery, narcotics, alcoholic beverage control, and photography.

Mr. Horton states that if elected, he will endeavor to bring equal, fair, and firm law enforcement to all. He will also endeavor to work closely towards the betterment of your county and in particular for a rehabilitation program for your chronic prisoners which will aid in cutting the cost to maintain them. He also will attempt to work out an educational program for the young citizens to teach them that the law enforcement officer is there to serve and help them and not to persecute them.

Mr. Horton belongs to the American Legion Post in Bethel and is a member of the Veterans of Foreign Wars.

## ALBANY MAN SEEKS HOUSE NOMINATION

George Marock, of Albany, announces that he is seeking the Democratic nomination to the House of Representatives from the towns of Albany, Bethel, Byron, Andover, Gil-ead, Greenwood, Hanover, Roxbury, Stoneham, and the unorganized townships of the county.

Mr. Marock came to Maine in 1956, a former Wall Street

stockbroker and market analyst from New York. After purchasing a farm in Albany he has spent the past seven years remodeling it and has also been engaged in an advisory capacity in the field of investments.

In announcing his candidacy, he said, "since living in Maine, I have been most desirous to actively participate in the development of this fine state. We cannot afford to stand still and allow the rest of the nation to bypass us both economically and financially. The time has come when we must get representation in Augusta who are willing to 'move forward' with the rest of the country. This being the most prosperous era in our nation's history and we will bring on the bottom, don't you think it's about time for a change? Why should we be left behind economically while even our southern states surpass us industrially, and yes, even in our educational phase. The national figures and facts point this out whether we are willing to admit it or not."

Mr. Marock further states that if elected he has definite ideas on increasing this State's economy without further taxation as has been suggested by imposing a state income tax upon the citizens of the state. I feel that further taxation is unnecessary and unwarranted and will take a firm stand against it.

Mr. Marock further states that if elected he intends to introduce the following two bills at the first opportunity:

1. To increase the minimum
